One-point improvement in fire rating

The Hendrum Fire Department has improved its fire rating from the Insurance Services Office (ISO) from an 8 to a 7. This rating is recognized by nearly all insurance companies in the country. A city's rating is based on the firefighters' training and certification, record keeping, number of firefighters to respond, equipment and response time, the water supply, and communication during an emergency call. This improvement may help lower your fire insurance premium. Since there are many factors involved in determining insurance rates, and every company treats the ISO rating a little bit differently, it is recommended to speak to your insurance agent to see how the new rating will affect you.

TREE PLANTING PROGRAM

The City of Hendrum is proclaiming May as Beautification Month and in support is continuing the Hendrum Tree Planting Program. The City of Hendrum is encouraging citizens to plant trees from May 1st until June 30th. Purchase up to **two trees** from a supplier of your choice and the City will reimburse residents for ½ of the purchase price of the trees or up to \$20.00 per tree. The City has allocated funds for this program and is on a first-come, first-serve basis. Interested residents **must plant trees within the City of Hendrum.**

What you need to do to participate: Purchase your trees between May 1, 2016 and June 30, 2016, and bring your receipt to the Hendrum City Clerk's Office to qualify for a reimbursement check. Again, there are limited dollars and this offer is on a first come, first serve basis. When the money runs out, so does the offer. All receipts must be turned in by July 15, 2016, to qualify for reimbursement.

Please make sure to take advantage of this opportunity to get new trees planted in our community!

YARD OF THE MONTH

The Hendrum Economic Development Authority will be sponsoring a Yard of the Month contest for the months June, July, and August. The purpose of the program is to recognize neighbors who demonstrate above-average efforts in maintaining their property, thereby contributing to the overall appearance of the community at large. A committee will select one residential yard during the first few days of each month. The winner of the Yard of the Month will be provided with a decorative yard sign for display indicating their winning yard, as well as a posting and photo on the City of Hendrum website and Facebook page. Each Yard of the Month winner will also receive a \$25 Bergeson Nursery gift certificate.

Motorized Vehicles are NOT ALLOWED on the dike!

ATV Operation: Minnesota state laws require all ATV riders under the age of 18 on public land to wear a helmet at all times. ATV registration is required for public and private land use through the DNR. A driver's license is required to operate an ATV along or on public road rights-of-way. No operator under 12 can cross public roads or drive on public roads and lands. Operators between 12 and 15 must have a safety training certificate and be accompanied by an adult 18 or older who possesses a driver's license to operate on public lands. Anyone born after 1987 must also have a safety training certificate. A rider may not operate an ATV on a trail designated "not for motorized use," posted public lands, state park lands, wildlife management areas, or unfrozen water.
